

## Reach Ahead Program

Christian Virtual School offers a Reach Ahead Program that allows elementary students to begin taking high school courses early. Students can reach ahead during the Grade 8 school year or in the summer prior to entering Grade 9. All Grade 9 courses are available for enrollment, and selection should be based on a student's interests and strengths.

Admission to the Reach Ahead Program is reviewed on an individual basis and is a collaborative decision between a student's elementary school principal, the Christian Virtual School principal, and the student's parent/guardian.

The Christian Virtual School principal assumes responsibility for evaluating the student's achievement and for granting and recording the credit.

### **The following documents are required:**

- completed Reach Ahead Enrollment Request
- most recent school report card or evidence of homeschooling
- copy of government-issued ID (e.g., a passport or birth certificate)
- a copy of the student's Individual Education Plan (if applicable).

### **Notes for homeschooling families:**

- Evidence of homeschooling includes:
  - a summary of the material/resources that have been used
  - the time frame in which the courses were completed
  - a copy of your intent to homeschool letter (if applicable)
- In lieu of the elementary school principal's signature on the Reach Ahead Enrollment Request, a parent or guardian may sign in this case.
